

U.S. AT HOUR OF DECISION IN MID-EAST

Next Week
May Force

Independence Talks
Break-Down Create
New Tunisia Threat

WASHINGTON (AP) — Officials said today the critical time-of-decision for the United States on the Middle East situation may come next week.

Secretary of State John Foster Dulles returns Wednesday to Washington from a round-the-world trip. He and President Eisenhower are expected to meet shortly afterward to plan U. S. strategy regarding riven Cyprus and other Middle Eastern hot spots.

Assistant Secretary of State George V. Allen, the State Department's top Middle Eastern expert, arrived home Friday to help with studies on the explosive Arab-Israeli situation.

ALLEN, WHO accompanied Dulles to Asia, sounded a note of urgency when he said the Middle Eastern picture is "extremely serious."

The United States hopes to find a way to work through the United Nations to avert serious fighting in the Middle East. Officials were reported favoring:

1. A warning to both Israel and the Arab states against new aggression.
2. A promise of U.N. action to punish an aggressor.
3. Strengthening of the machinery used by Gen. E. L. M. Burns, the U.N. truce supervisor in Palestine, if he feels this is needed.

THE UNITED States also faces a renewed pressure from Israel for American arms to offset Communist weapons received by Egypt.

Israeli's circles disclosed that Israeli Ambassador Abba Eban will make a "supreme effort" to get an answer to his nation's arms request shortly after Dulles returns from abroad. Eban demanded a "yes-or-no" answer to the request before Dulles left Washington, but the Secretary refused to give one.

PARIS (AP) — French-Tunisian independence talks broke down today, creating a threat of new trouble in what has been a relatively quiet sector of the far-flung North African battlefield.

Tunisian Deputy Premier Behi Landgham said he and economics minister Mohammed Masmoudi are preparing to return to Tunis because "we have failed to reach an agreement."

Tunisia has been relatively quiet for some months, following a grant of home rule, but officials feared the breakdown in negotiations for a formal grant of independence may touch off a new wave of violence.

NICOSIA, Cyprus (AP) — Pro-Greek guerrillas armed with sub-machine guns and bombs ambushed a British patrol southwest of here today, wounding five soldiers. One of the attacking gunmen was killed.

About a dozen guerrillas fired from concealment on two British patrol cars near Khandria, 35 miles southwest of Nicosia. The attackers fled when British reinforcements reached the scene, leaving one of their number dead.

The ambush was the most serious outbreak of violence reported today on this terror-ridden island, where three provincial communities have been placed in virtual "house arrest" this week.

Car Thief Gets Year, Suspended

Gerald Matthew Evans, former ranch hand at various Palm Springs stables, received a suspended year's sentence to jail provided he paid a \$200 fine and stay out of trouble for the next three years, after he pleaded guilty to a car-theft charge.

WATER SECOND TO WOMEN

California and Arizona fighting over water is not new. The first cause of early man's fighting was women. Next came water. He fought for the water holes in the desert when his only weapon was a club. In the Nile valley 6000 years ago he was fighting for water to irrigate his grain. The pioneers of our west were constantly fighting over water. That whisky has caused more fights than water is a mistaken idea. History will bear that out.

Ideal weather is weather not too cold for beer and not too hot for whiskey.

THE WEATHER

Desert area forecast: Variable high cloudiness through Sunday with considerable sunshine both days. Little change in temperature. High today 65-75 in upper valleys, 75-85 in lower valleys.

High here yesterday was 80, and low was 35.

SOS FLASHES SEEN BY NIGHT BOMBER NEAR VILLAGE LAUNCHES BIG SEARCH AND UNCOVERS TRASH FIRE

San Bernardino Sheriff's officers this afternoon reported that "flashing SOS lights" sighted on the desert were found to be flickerings from a trash fire. The exhaustive search for a possible missing plane conducted by two counties has been called off.

Sheriff's deputies are investi-

gating a report today of a distress signal, sighted early this morning about 15 miles north of Palm Springs by the crew of a B-36 bomber.

The crew said that the light was flashing what was believed to be an "SOS" signal in the area of the Riverside-San Bernardino county line near Morongo Valley.

Deputies under the direction of Lt. Ed Brown of Banning and Carroll Vogelaar of the Palm Springs - Cathedral City area, are searching the area.

A check with Capt. H. Ruden of the March Air Force 42nd Air Rescue Unit revealed that no planes are reported missing at this time.

6 Seized in Bookie Raids Bound Over

Defendants Freed
On \$5000 Bond in
Municipal Court

Three men and three women, arrested here last Saturday by sheriff's department officers in a split-second raid, entered pleas of not guilty in Judge Elwood Rich's Riverside Municipal Court yesterday, and were bound over to preliminary hearings in the same court on separate dates within the month.

The defendants, charged with bookmaking, all were released on \$5000 bond after they waived reading of the charges.

Joe and Frank Portnoy are scheduled to appear March 27 at 10:15 a. m. They were represented by Richardson and Henderson, of Palm Springs.

George Zouganiles' appearance date was set at 9 a. m. March 28. Russell Parsons, of Los Angeles, was his attorney.

Mrs. Nona B. Milles and Zella Gertrude Hensley, both represented by Riverside attorney William Shaw, agreed to appear March 26 at 2:30 p. m.

Joy Sacks will be the last to appear. After her attorney, Saul Ruskin, of Palm Springs, entered her not guilty plea, Judge Rich set March 28, at 2:30 p. m. for preliminary hearing.

The suspects were arrested here Saturday by a squad of about 40 sheriff's deputies, led by Sheriff Joe Rice and Undersheriff Golden Jensen. They gathered in India before coming here for the raid.

DAN THORNTON, ex-governor of Colorado and consultant of President Eisenhower, who will be the featured speaker at the Republican fund-raising dinner next Wednesday at El Mirador, confers above with Mrs. Frank Bennett, general chairman of the \$50-a-plate affair. George Murphy will be master of ceremonies; and other speakers will include Reed Benson, son of Secretary of Agriculture Ezra Benson, and A. Ronald Button, National committeeman from California. This is D (for Drunk) Day for All Good Irishmen, But in Ireland only Bars Get Tight — Closed, That Is

DUBLIN (AP) — Today is St. Patrick's, and Irishmen the world over are wearing a bit of green and looking fondly towards the old homeland.

Millions of their brethren here are thirstily wishing they could exchange places with them. For the sad fact about Ireland's national holiday is that the bars, are closed all day.

This is as much as anything makes Irishmen gloomy about St. Patrick's Day. Over the years it has made the holiday less of a celebration in the mother country than among Irishmen abroad.

"Sure, and New York has taken over St. Patrick's Day now," said news vendor Bill Brennan, 67. "The people just don't seem to be very interested any more, and the married women spend most of their time growling about the inconvenience caused by the shops being shut for the day."

Not only has the spirit and spirit gone, Brennan says.

"Even the price of the shamrock has gone up—and most of it isn't shamrock at all."

"It's clover."

The only saloons open are at the dog show, races, and rugby games, and they will be packed three and four deep.

This evening things brighten up a bit. The dance halls open, and they are licensed to sell liquor. But the "hall full" signs go up quickly, particularly with a lot of thirsty Irishmen around.

O'Connell was booked on a drunk charge while Immigration authorities checked his story that he had been in the United States illegally for the last five years. He said he stowed away on a British freighter to Canada and then walked over the Canadian border.

Steffan, who was credited with saving Miss Buehler's life by keeping her afloat until help arrived, was assessed \$100,000 of the damage award.

Defendants included the Los Angeles Turf Club, which owns the lake in the nearby mountains; hotelman Conrad Hilton, owner of the boat; and Geary Steffan, former husband of actress Jane Powell, who was water skiing behind the boat.

Unrest Grows in Georgia, Organ Hints

Demonstrations Are
Answer to Reversal
of Old Policies

WASHINGTON (AP) — Russia's Nikita Khrushchev has accused the late Josef Stalin of murdering 5000 Red Army officers in an incredible life of crime, lust for power, and irrational fear of treachery.

Informed sources reported today that Khrushchev told a stunned Communist Party Congress in Moscow on Feb. 24, that the once-idolized Stalin refused to believe Hitler would attack Russia until it was nearly too late, ran away from Moscow when it was under fire, nearly wiped out the Red Army high command in the bloody purges of the 1930s, kept his aides in constant fear of sudden death, and in later years suffered from phobias and delusions.

Reports of unrest in Russia received indirect confirmation today in an official Communist newspaper.

The reports said that bloody riots occurred last week in Georgia, Stalin's home state, in the wake of the anti-Stalinist line taken by Communist leaders—notably Party Leader Nikita Khrushchev, at the recent Communist Party Congress.

Today, the official Communist newspaper in Tiflis, capital of Georgia, said that "the courts must crush" violations of law and order in that state.

It called for "the exposure of all kinds of provocateurs, hooligans and hostile elements, all who violate socialist law, order and the rights of Soviet citizens."

Tiflis was the sole capital of all the Soviet republics which observed the third anniversary of Stalin's death on March 5 with memorial meetings.

The meetings were reported to have been followed by street demonstrations.

Washington reports said the riots occurred between March 5 and March 9.

Reports circulated among western diplomats in Moscow today that a closed session of the Communist Party Congress was held March 4 with foreign guests absent. Khrushchev probably made a confidential statement then but its substance could not be confirmed in Moscow by Soviet sources.

It also was reported that abbreviated versions of his statement were read and discussed at party meetings throughout Russia.

The Washington reports said Khrushchev told the Congress Stalin was subject to "phobias."

A British reporter in Moscow telephoned his London newspaper Khrushchev's verbal attack on Joseph Stalin had caused protest marches in Stalin's native Georgia.

Patrick Sergeant told the London Daily Mail that Khrushchev's fiery blast at Stalin had "turned upside down the history of the past 30 years."

A Soviet censor cut off Sergeant before he could finish his report. U. S. officials in Washington disclosed they also had heard reports of bloody rioting in Georgia, although the State Department said officially it knew nothing about the reported unrest.

Other sport events will include ladies tennis matches both today and tomorrow and a club golf tournament Sunday.

Hollywood Radio Buys KPAL Here for \$75,000

Well-founded rumors that KPAL was in the process of being purchased by Hollywood's Radio Station KFWB were factually confirmed today.

Harry Maizlish, president of KFWB, and Gregson Bautzer, attorney with the law firm of Bautzer and Grant, jointly announced the purchase of KPAL from Mrs. Florence Raley, founder of KPAL.

The new owners will take over the operation of KPAL as soon as the application for transfer from the former owner is approved by the Federal Communications Commission.

Selling price was reported to be in the neighborhood of \$75,000.

Al Yellen, presently with KFWB and who has been conducting nightly broadcasts over KPAL from The Desert Inn, will be general manager, it was announced.

The studios of this station, now located in El Mirador Hotel, will be moved to The Desert Inn. The new owners of the local radio station are planning to increase the power of the station from 250 watts to 1,000, as soon as approval is received from the FCC.

Failing Student Believed to Have Bombed School

PASADENA (AP) — Authorities today believe a failing student placed a homemade bomb at the home of Mildred Wellborn, 50, Pasadena City College psychology teacher.

Mrs. Wellborn told officers the bomb exploded yesterday and set fire to shrubs around her porch. Officers said the bomb was expertly made out of a gunpowder-filled quart can with a battery trigger device.

The mysterious bomber left a note which read: "This is a warning. If you don't want your house blown up or your windows shot out, then grade fairly and put your assignments on the board, or is this asking too much?"

Produce Driver is Hunted as Theft Suspect

Police today are searching for a former produce route driver who quit work and Palm Spring with the day's proceeds in his pocket.

Everett Knight, 22, was reported as a former employee of Desert Produce Company, 245 East Andreas Road, who Thursday left with \$33.49 in collections.

Matt Dragicevich, owner of the firm, said he thought the suspect went to Ontario. A police bulletin was sent there, charging petty theft.

Two other cases of petty theft were reported. Agnes Stuart, 321 South Calle Santa Rosa, told officers someone had taken clothing while it was hanging on her backyard line Thursday.

L. J. Goebel, of Santa Monica, reported the theft of a 1955 Buick hupcab while his car was parked on Mel Avenue yesterday.

Home Towns Never Look the Same Later

ROME (AP) — George Karadimas, 75, a retired Cleveland, Ohio, bartender, wound up in Rome by mistake on his first trip back to Greece in 49 years, airline officials said today.

Karadimas left the Athens-bound plane at Ciampino Airport, thinking he had arrived in Athens, and somehow walked unnoticed past passport control and took a cab into town.

"The old place sure has changed in half a century," he was quoted as saying before he noticed no one was speaking Greek. The airline put him on another plane and sent him to Athens.

Residents of Palm Springs may obtain advice in the preparation of their federal income taxes on March 29 and 30, when a representative of the Internal Revenue Service will be at the American Legion hall from 9 a.m. to 4:45 p.m.

Taxpayers who have questions or special problems concerning their returns, may receive help. Copies of all tax forms may also be obtained.

Driver in Crash Faces Charge of Manslaughter

Henry J. McNeil, 61, of 24-745 Eagle Canyon Drive, Cathedral City, will face a manslaughter charge in Riverside Municipal Court at an undisclosed date.

McNeil, a laborer, was charged after California Highway Patrol investigators presented evidence to deputy district attorney John Morgan here that he had erred in judgment while driving to cause the death of Edward J. Myers, of Fresno.

Myers was dead on arrival at Desert Hospital last Monday after his car crashed into McNeil's pickup truck in Traviway.

Myers was traveling east on Highway 111, and McNeil was traveling west. The latter attempted to turn onto Eagle Canyon Road, and was hit by Myers. The impact sent the truck onto its side and spun Myers' auto around.

The charge is termed a high misdemeanor, not a felony, because no negligence was evident, the CHP said.

Check Fraud Hearings Set

Douglas A. Abbott, 32, and Charles R. St. Clair Jr., 28, will face preliminary hearing March 30 at 3 p.m. in Judge's Superior Court on charges of grant theft. They admitted at earlier arraignment proceedings that they "kited" nearly \$1700 worth of checks on three banks, one in El Monte, and two here.

The defendants who said they were Twenty-nine Palms home-builders, admitted using an elaborate scheme of forgery and cross-cashing to bilk the Bank of America and the Citizens National Bank here of nearly \$1400. They started the plan on Washington's birthday. They went to El Monte the next day and defrauded the bank there of about \$300.

Two Persons Die in Fires in 1955

Two persons, an eight-year-old child and an adult, died during 1955 as a result of burns caused by the ignition of clothing from open-faced gas heaters, according to Fire Chief Bill Leonessio annual report issued this week.

Fourteen resuscitator calls (one drowning and 13 heart attacks) responded to by the department found the victims already past assistance, but in eight cases the rescue squad succeeded in saving lives.

Structural damage decreased during year by \$89,817.50, to \$71,477.50. "I believe that a large portion of this can be credited to Fire Marshall Warren Heath's vigilant inspection work," Leonessio said.

Cigarettes were responsible for more fires than any other cause, with electric motors second and electrical wiring third. Children playing with matches caused six fires during 1955.

Eighteen full-time firemen are now employed by the city, and are assisted by eight volunteers.

Welfare Group Plans 'Double Sale' Tuesday

A special "double sale" has been scheduled for Tuesday morning by the Welfare and Friendly Air Association.

An entire houseful of furniture has been donated to the Welfare group, making it necessary to have the weekly sale held in two places as there is not room enough at "The Little House," the usual sales location.

Mrs. Wilson Gibbs, chairman of this work for Welfare, has made arrangements for the "double sale," to be held from 9:30 to 11:30 a.m. at the Youth Center on North Belardo Road and at the "Little House" adjoining the Health Center at 400 East Amado Road. Both sales will be held at the same time.

The furniture to be sold includes a dinette table and four chairs, rugs, chests of drawers, corner cupboard, cooking utensils, metal medicine cabinets and many other articles, all at bargain prices.

Proceeds from such sales augment the funds of the Community Chest sponsored Welfare Association for help to needy local families. Mrs. Roger Williams is general chairman of the association.

LEONA VICTORIA SMITH, reader and impersonator, will present her popular program, "Seven Ages of Man," at the American Legion anniversary party given by the Auxiliary Tuesday night. Miss Smith had entertained extensively in the United States before coming to Palm Springs in the Fall of 1954. This is her first public appearance in the Village.

This column has from time to time leveled criticism at some of the officials who regulate the laws of this county with headquarters in the county seat of Riverside.

But the best one I heard yet came from a prominent merchant here in town yesterday, in which he stated:

"Why should a provincial town such as Riverside, with its constricted attitude, tell us in this great city of Palm Springs what we should and should not do. Certainly, the people of this community are not above the law, but all the officials of Riverside are interested in is how much tax money they can collect from us, and to harass us with petty laws."

This same merchant, who wishes to remain anonymous and who is well known throughout the county, classified these Riverside officials as "little czars." He pointed with criticism also to the recent bookie raids conducted by Sheriff Joe Rice. "This is a resort town," he added, "and the people who live here are cosmopolitans. Nothing will stop them from placing a \$2 bet on a horse they like in a race."

THE BIGGEST development in the history of the area lying within the region of Palm Desert looms strongly on the horizon. Cliff Henderson, founder of Palm Desert, in a telephone conversation with me, said that all details relative to the sale of the community which he founded, had been agreed upon between the Palm Desert Corporation and the new buyer, which will be announced in the news columns of The Desert Sun soon.

And, while we're on the subject of building, Palm Springs will again this Summer, as a result, have more people living here than ever in the history of this community. In addition to workmen who will be swarming all over The Desert Inn grounds, rehabilitating that hostelry, the new city hall will be under construction and several million dollars in additional home and business building will be taking place.

Among other developments now in process or being planned are the continuation of structures at Cameron Center, and several hundred thousand dollars improvements to the Skylark.

And, by the way, there'll be more hotels open all Summer long than ever before with most of the new ones boasting of refrigerated air conditioning. Western Air Lines is eager to work with any number of these hotels in a move to increase travel to Palm Springs during the Summer months. Let's get on the ball, hotelmen.

THERES A LITTLE, bald pated, bespectacled, soft talking individual by the name of Stanley Spiegelman, who is driving with all his might to make a great success of the Rossmore Hotel. He owns the establishment. An accomplished musician, playing the violin, Spiegelman is inordinately proud of his Carnival Room, an intimate spot where cocktails and food are served.

Jesus is Not Bread King' to be Topic of Sermon

Today more people than ever are attending church. There is a great upsurge of interest in the church. Is much of this interest in religion truly God-pleasing? These and other questions will be answered on Sunday when Pastor LeRoy Hass speaks on the theme: "Jesus is not a Bread King," at the 10:30 a.m. worship service of the Our Savior's Lutheran Church at the American Legion Hall.
The last in a series of Wednesday evening Lenten services will be held March 21 at 7:30 p.m. at the Legion Hall. The topic for the meditation is: "He opened not His Mouth."
On Monday, March 19, the regular monthly pastoral conference of Lutheran pastors will be held in Corona. These meetings are conducted monthly to study various problems confronting the Lutheran pastor of today.

Adventists Give for Flood Relief

A special offering was taken in the Palm Springs Seventh-Day Adventist Church last Saturday for disaster and famine relief, according to Duane Grimstad, pastor.
This is the first nationwide offering for this purpose to be taken in Adventist churches in six years, the pastor said. It will restore denominational funds set aside for this purpose which have shrunk rapidly in the past two years. Heavy demands arising from natural disasters here in North America as well as overseas have drained the budget.
In spite of the availability of surplus foodstuffs from the government for overseas relief, more than \$250,000 has been spent by the church in distribution of such aid as well as in providing other emergency relief, the pastor said.

CONFIDENT LIVING

By Norman Vincent Peale

HOW TO LIVE EFFECTIVELY

Not long ago, on a trip to Florida to make a series of speeches, I rode on a sleek and beautiful train called the Silver Meteor. Operated by the Seaboard Railroad, this is surely one of the finest trains in the country. And I particularly enjoyed this trip because the engineer invited me to ride in the cab with him for a while.
I've ridden in the cockpit of planes alongside the pilot and found that a tremendous thrill, but this was the first time I'd been in the cab of a train while it was in motion. And I found the new experience even more thrilling, speeding along swiftly and smoothly on a straight track stretching like ribbon in front of us.
The engineer explained the signal system to me and I learned to read the signals. "What do we do here?" he'd ask me and I'd tell him. I'm proud to say that I was right most of the time, although he made certain that he kept his hand on the throttle.
"Who directs your train — a local dispatcher?" I asked him.
"Oh, no, the dispatcher in Jacksonville," he answered. This surprised me, for we were a long way from Jacksonville at the time having just passed West Palm Beach.
"Does this dispatcher in Jacksonville know where you are right now?" I inquired.
"Certainly," he said. "He knows where I am every minute of the trip, and in fact, supervises my train constantly."
"He must be a very capable man, this man in Jacksonville," I commented, "to have such long range supervision."
"Well," was the reply, "actually he's running half a dozen trains up and down this line at the same time."
I thought my next question might give him pause. "Does this absentee supervision destroy your free ability to think and make decisions on your own?"
He didn't hesitate a moment. "The human element is very important in railroading. What takes this train safely over these rails on schedule is the engineer's complete cooperation with that dispatcher in Jacksonville."
It occurred to me then that all of us, driving swiftly down the rails of our own lives, would avoid many a crack-up, many a disrupted schedule, if we would maintain that same close harmony and contact with the great Dispatcher who, though He has given

us freedom of thought and action, nevertheless watches us every minute of our lives, seeing where we are and where we're headed. And incidentally, that is an important function of prayer, to keep us mentally and spiritually in contact with the "Divine Dispatcher." Who governs our lives so that we can profit by His guidance and avoid mistakes.
Tennyson wrote: "More things are wrought by prayer than this world dreams of." And the Bible says, "The effectual fervent prayer of a righteous man availeth much." If you make the practice of prayer the central program of your life, you will experience a sense of guidance and right direction that will amazingly improve your decisions. Problems that now baffle you will be made clear; burdens which overwhelm you will become lighter; depressions which now settle down heavily upon you will be more easily borne, and even sickness which hampers you may be reduced, perhaps even overcome.
"Pray without ceasing" is the wise advice of the Bible, for that is the mechanism of Divine direction which keeps you running efficiently down the track of life, guided by the spiritual signals and supervision of your Great Dispatcher."

Church Raises \$100 for 'Great Hour of Sharing'

Members and friends of the Cathedral City Community Church, last Sunday gave more than \$100 for the "Great Hour of Sharing," which includes the "Save Our Surplus" fund and also Church World Service.

Tomorrow the church holds a "sing" at the home of Mr. and Mrs. Paul Brown, 567 Irons Drive, helping to dedicate this new home.

The morning worship is at 11, the pastor preaching the sermon on "The Temptations of the Master," a sermon for Lent. Sunday School is at 9:30, and some of the classes are to use the new "Memorial Hall," its first use. Young people meet at 6 p.m.

On Palm Sunday, March 25, and on Easter Sunday the church will hold two similar services, at 9:30 and at 11 a.m. The younger classes of the Sunday School are to meet in the Memorial Hall at the usual hour.

On Palm Sunday the church observes the Sacrament of Baptism for small children at both services, and on April 8 at 11 a.m. observes the Sacrament of the Lord's Supper, receiving new members at that time.

Matter Cannot Satisfy, Says Sunday Sermon

The love of material things and its consequences are pointed out in the Lesson-Sermon on "Matter" in all Christian Science churches on Sunday.

St. John admonishes, "Love not the world, neither the things that are in the world. If any man love the world, the love of the Father is not in him . . . And the world passeth away, and the lust thereof: but he that doeth the will of God abideth for ever" (1 John 2:15, 17).

To do the will of God we must turn away from materialism. Mary Baker Eddy affirms this in "Science and Health with Key to the Scriptures" when she writes, "Reform comes by understanding that there is no abiding pleasure in evil, and also by gaining an affection for good according to Science, which reveals the immortal fact that neither pleasure nor pain, appetite nor passion can exist in or of matter, while divine Mind can and does destroy the false beliefs of pleasure, pain, or fear and all the sinful appetites of the human mind" (p. 327).

This verse from Isaiah (42:8) is

Dr. Glenn's Topic: 'Christ in Action'

Tomorrow morning at 10:45 the Church of Religious Science will hold Sunday services in El Paseo Theatre at 810 North Palm Canyon Drive.

Dr. Erma Glen's subject will be "Life is the Christ in Action." On Thursday, the midweek service will be held at 8 p.m. in the Women's Club, located at the corner of Baristo and Cahulla Roads. There will be a "song-fest" at 7:45 p.m., preceding the Lesson; and afterwards Dr. Glen will hold a question and answer session. Everyone is invited.

The Golden Text, "I am the Lord: that is my name: and my glory will not give to another, neither my praise to graven images."

On the first night of Passover, March 26 at 6:15 p.m., the Jewish Community Center will again sponsor a Community Seder.

The traditional meal will be served, catered by one of the finest restaurateurs in the Village, and the Story of the Passover will be related with Rabbi Leon Rosenberg interpreting the ritual and the symbols.

Confirmed reservations are essential, as each year this Community Seder is a sell-out so that it isn't possible to take care of last minute requests, the committee advised today.

Nancy Marlow Kelly appearing at the Playhouse in the "Seven Year Itch" is a guest at the Villa Theresa. She will be here for two weeks and will have a major part in the "Tender Trap" which will be played next week, at the Playhouse. She is the wife of Roger Kelly, prominent Los Angeles attorney.

Package leftover fried chicken in foil and store in the refrigerator. When ready to serve the chicken, the package can go into the oven for reheating. The chicken won't dry out and there's no mess to clean up afterward.

Angelenos Here

Mr. and Mrs. Ed George and Mr. and Mrs. George Miller all of Los Angeles, spent Friday through Monday as guests at the El Mirador. The two couples with friends, Mr. and Mrs. Howard Matthews of Palm Springs, enjoyed cocktails at the Racquet Club followed by dinner at the Tennis Club Saturday evening.

Mrs. Howard Matthews was in Los Angeles for three days this week. She attended a luncheon in her honor given by Mrs. Ed George of Los Angeles at the Tail of the Cock.

One-Man Show

The second of a series of one-man art shows at J. W. Robinson's Beverly Hills store, presents 25 canvasses by Edward Canby of Palm Springs. The show, which includes both oils and pastels, opened March 13 for a month.

Mrs. Bernadine Dirnberger received word that her son, Leo, boarded a plane for Pearl Harbor on Thursday. Leo has been attending submarine school at Hunter's Point in San Francisco. His wife, Ruth, will leave for Pearl Harbor in two weeks.

Cahuilla P-TA Fathers Night on Tuesday

Tuesday night will be Fathers Night for Cahuilla Parent-Teacher Association, with fathers acting as hosts. A special award will go to the class having the largest number of fathers in attendance.

A highlight of the evening will be the presentation to the school of a painting of Mrs. Alma Gilbert, who was Cahuilla School principal for many years. This will be a gift from the P-TA.

Sgt. Ted Greene, of the Palm Springs Police department, will speak on juvenile problems, which are handled by him.

The meeting, which will be held in the school cafeteria, will begin at 8 o'clock. Refreshments of pie and coffee will be served after the meeting.

Jaycee Platter Party Tonight

"St. Patrick's Platter Party" will be the theme for the Junior Chamber of Commerce's monthly social evening, to be held at the Polo Grounds clubhouse this evening. Donation of a dance record and fifty cents will be the admission for each couple.

Dancing will be the entertainment for the evening with a wiener roast for a late supper snack.

Eva Roach, Norma Smith and Bonnie Fisher are in charge of decorations and food.

Dr. and Mrs. Claude H. Church of Newport Beach, called on friends in Palm Springs Monday and Tuesday. The Churches were residents in this desert area for many years.

Around Town

with Hildy Crawford

Green is the color of the day . . . and if you've never thought of green as a desert color, consider this . . . the palm tree is as green as the shamrock . . . and prickly-

pawed cactus comes in shamrock shape. Some swimming pools are as green as the Irish lakes . . . and probably there are more emeralds in Palm Springs than in all the Emerald Isle . . . Village men don't go climbing the slopes of San Jac to kiss the weathered rocks . . . but at a cocktail party they talk like

they'd kissed the blarney stone . . . So the Murphys and the Callahans, the Ryans and Fitzgeralds . . . O'Connors and Kilpatrick, Kellys and O'Sheas, O'Neills, O'Reillys and O'Deas are celebrating today . . . and probably all of the 17 Green(e)s listed in the Village directory . . . Erin Go Bragh!

A lot of them will be making merry this evening at the St. Patrick party . . . that is one of El Mirador's best parties each year. There will be some pretty special entertainment . . . and dancing to the music of Joe Moshay (this is pretty special, too) . . . and an all-Irish menu . . . The most intriguing thing I've heard about this year's party is . . . that in addition to the leprechauns . . . there will be a real spotted pig.

Going from shamrocks to Easter Eggs . . . is only a quick hop this year . . . with Easter only two weeks away . . . It reminds me again that Palm Canyon Drive is a much more appropriate locale for an Easter finery parade than windy, chilly Fifth Avenue . . . but that still isn't included in this year's plans . . . Here are the ones that have been announced so far . . .

There will be an Easter Egg hunt at the Ranch Club on Easter Sunday . . . followed by a puppet and magic show in the Rodeo Room . . . all preliminary to the Sunday brunch in the Round-Up Room . . . El Mirador's Easter Sunday brunch will feature Joan McManus' hat parade, long a Palm Springs tradition . . . and its continuing popularity is evidenced by the fact that this has been sold out for a couple of weeks . . . The Tennis Club will serve its annual Easter luncheon in the Venetian Room and in the main dining room.

Edith and Dick Edwards have issued invitations . . . cutie-fruties with a gay picture of a three-tiered fruit arrangement . . . for a Sunday brunch to be held April 8 . . . at their home on Camino Colorado.

The Asher Levis and the Nathan Ohrbachs will take over the Racquet Club's main dining room . . . plus the Mural Room . . . when they entertain around 100 at cock-

Guild to See Color Slides of Mexican Trip

The program of the Photographers Guild of the Desert Art Center to be given March 21, at 8 p.m. in the clubroom of the Ramon Trailer Park will be presented by John Vivers.

Mr. Vivers took a trip by jeep with two companions to the center of Mexico. Their goal was a waterfall, high in the mountains, that few white men have ever seen. Mr. Vivers gives an interesting account of his trip and shows excellent color slides of the interior of Mexico.

St. Patrick Card Party on Monday

Response to the ticket sales for the St. Patrick card party being held at the Palm Springs Biltmore on Monday evening, has been very good, Lucille Fry, chairman, reported today.

While the St. Theresa Mothers' Club's annual party is being held on St. Joseph's Day, decorations will be in the St. Patrick motif, according to president Toni Boyle, who is in charge of decorations.

Tables will be set up for all kinds of card playing and hostesses may assemble their own tables, it is suggested. Play will start at 3 p.m.

Sam Levin, acting as host, as he does each year for this affair, will provide refreshments of finger sandwiches and coffee following the card play.

This delightful party is open to the public and reservations may be made by calling 2902.

Snidemanns are Dinner Hosts

Mr. and Mrs. Dick Snidemann entertained around fifty guests at cocktails and dinner at the Tennis Club, honoring Mr. and Mrs. William E. Lewis.

Among the guests were Messrs. and Mesdames Frank Bering, Phil Harris, Addison Holt, Ralph Singer, Frank Andrews, Sam Taylor, Ernest Breech, Eric Stainton, Harold Wright.

Mr. and Mrs. Howard Chene and daughter Kimberly of Denver are here for a two-week vacation and staying at the Tennis Club bungalows.

Pavny's Observe 25th Anniversary

Thursday was the 25th wedding anniversary of Mr. and Mrs. Maury Pavny and they celebrated with a small family dinner at Hotel Oasis. With them were her parents Mr. and Mrs. Robert I. Bernon, who have just moved to Hollywood from Cleveland, Ohio, and came down for the anniversary.

The Pavny's were married in

Cleveland, which was their home town before they came to Palm Springs 20 years ago.

The Sun on the Desert

FRED C. WEIGEL

The Desert Empire is teeming with activity this time of year, and all the activity is beginning to show up in results.

In Palm Springs, the Public Utilities Commission will hold a hearing on April 2 to investigate the telephone system in the Coachella Valley. The two local companies had made application for the hearing sometime after May 1, but the Palm Desert Chamber of Commerce, not caring much for a hearing at such a late date, filed an official protest, cosigned by the Chambers of Commerce of Rancho Mirage, Cathedral City and Palm Springs, with the Commission.

PUC Commissioner Rex Hardy, who knows this area very well, having been an attorney for many years in Palm Springs, will preside at the hearing with a commission examiner and secretary.

RESIDENTS of the desert have been unhappy for a long time over the phone rates they must pay between Palm Desert and Palm Springs, and the poor service they were getting. So the issue was brought into public focus a few months ago, when Desert Sun columnist Bill Rashall was approached by several persons asking what could be done about it. Rashall dedicated his entire column to the issue and within a week was flooded with letters and calls "to keep pitching."

The thousands of words that were printed concerning the telephone situation, resulted in an investigation by a PUC engineer, which in turn brought about the filing of an official protest by the chambers.

The only thing that can be done now, is that the residents of this area support their chambers of commerce with letters explaining "just the facts" of your complaints.

IN RANCHO MIRAGE, proponents of incorporation have filed their petitions with the County Board of Supervisors and they have been turned over to the county assessor for checking. When they are returned to the supervisors, and if everything is found in order, the supervisors will set the date of the incorporation election.

Supervisor George Berkey said last week that the last time incorporation of Rancho Mirage was attempted they did not have a sufficient population to conform with the law set down by the California Legislature, but as near as he could tell this time, the petition was signed by 1000 residents.

"There should be plenty of residents to qualify this time," said Berkey, "even after the ones who should not have signed are omitted."

Head of the committee to incorporate is Harry J. Walker, of 42-273 Rio del Sol Road, Rancho Mirage, who is a mechanic at Hinkle & Johnson service station in Palm Springs.

IN THOUSAND PALMS, Harry Oliver, who watches the land on which "ol' Fort Oliver" sets just about as carefully as he watches the publicity he gets, issued a warning to me the other day. He said that we should get the highway crew which is building the new highway through that community, to push away the mounds of sand that are piled up along the highway, because when the wind blows he is afraid that (in a combined effort) they will cover the town.

Noticed the other day that the highway is coming along real well, although it is about a month late in being placed into use. They may be awaiting the completion of the last link of the new road between Thousand Palms and Indio.

The first trans-Atlantic radio broadcast was made March 14, 1925.

YOUR CHILD AND YOU LEFT-HANDEDNESS

(This column is written by Dr. Lura Oak of Palm Springs, child psychologist, who is a consultant in pediatric psychology specializing in diagnosis and therapy for normal children with learning difficulties.)

Left-handedness is not a defect. Nor is it essentially a handicap. There are many who find it an advantage. To have been born with a dominant left hand is no more "sinister" than to have inherited red hair or hazel eyes or to be very tall or extra short.

Scientific evidence points strongly to heredity in explaining lateral dominance although the answer to the age-long riddle why most people are right-handed but a few are left-handed eventually may be found in biology laboratories or in studies of embryonic growth as affected by intra-uterine factors.

It is fairly well established that left handedness is not determined by teaching nor by incidental factors in the environment although a shift in original tendencies can be brought about so that a left-handed child can be influenced to use his right hand preferentially for certain manual tasks.

In cases where the dominance is not extremely pronounced the shift may cause no more disturbance to the nervous system than to induce awkwardness and an increase in body tensions.

RIGHT-HANDEDNESS has always dictated how door knobs turn, how corkscrews work, how most fixtures are adjusted. Also, it has determined that handwriting shall proceed from left to right, the line of least resistance when the right hand holds the pen.

If left-handers had been the majority group these features of our environment would have been reversed. Writing would be executed from the right side toward the left since this is the line of least resistance when the left hand holds the pen.

In an imagined society where left-handers were in the majority, writing would be "backwards" and even reading, with the left eye dominant, would reverse the present habit of progressing from the left side of the page over toward the right.

AFTER PARENTS and teachers have done their best (or perhaps their worst) to correct left-handedness in children, about one-sixth of the younger generation reach adulthood with a left-hand preference still strong enough to maintain both greater strength and greater skill in the use of this hand compared to the right.

Depending upon the original degree of preference, attempts to tamper with a child's normal dominance will range from minor disturbances in bodily coordination to serious speech aberrations, extreme nervousness, reading, writing and spelling difficulty as well as to personality disorders arising from emotional tension.

Here is a brief summary of suggestions for helping children establish lateral dominance in line with their natural tendencies and in a way to encourage "free-wheeling" bodies with good coordination and efficient hands:

(1) NOTE WHICH hand the young child uses preferentially. Be fair, even if you prefer him to favor the right.

(2) Discourage ambidexterity. A child must have a major hand and a minor hand. To develop different skills in each hand, practice in two-hand operations should be consistent and frequently repeated. One hand is complementary to the other—one will hold the needle while the other does the threading; with one hand tightly holding down the board, the other will be mastering the intricate pushings and pullings of a child's toy saw. Help him shift his hand positions only if, obviously, he is getting nowhere with his own experimental effort.

After extended practice and skills have been perfected (which happens only rarely in growing children) ambidexterity can be considered. Two major hands, each equally skillful and versatile are quite possible to develop providing the distribution of practice has not been attempted too early.

(3) Do not permit any stigma to be attached to left-handedness. Instead, express a sense of pride in a child who is different and challenge him to turn his "differentness" to advantage: "Southpaws are born that way. It's special! Why? Besides, Southpaws get more breaks. It's easier for a Southpaw to get to be an Ambidexter. You're really lucky if you've got a good left hand to start with."

Words like these might help the budding Southpaw keep his self-respect and also encourage him to make the most of the little trick that Nature played upon him when she made him different from the great majority.

Mayor Urges Support of All in Cancer Drive

Mayor Florian G. Boyd today urged the citizens of Palm Springs to give generous support to the April Cancer Crusade of the American Cancer Society's Riverside County Branch.

In a proclamation designating all of April as "Cancer Control Month," the Mayor declared that the Society "is particularly notable for the programs of cancer control it has instituted for the special benefit of the citizens of Palm Springs."

His proclamation followed by only a few days a similar exhortation for public support of the American Cancer Society drive by Governor Goodwin J. Knight.

Bicycle Riding Rules Listed by Highway Patrol

Bicycle riders are involved in ten traffic accidents each day, says the California Highway Patrol.

"This fact was taken from our file of accident records which also indicates failure to obey the rules as the leading cause of traffic accidents involving bicycles," Patrol Commissioner B. R. Caldwell declared. "Frequently, when a bicycle rider disobeys the rules or takes chances, he comes into violent contact with an automobile or other motor vehicle."

When a 90 pound bicycle meets a 3,000 pound mass of metal the bicycle rider "always loses," Caldwell said. "To avoid accidents and secure more pleasure from bicycle riding the following rules should be obeyed:

1. Keep to the right — always ride with traffic.
2. Obey all traffic signs and signals.
3. Use a white light in front and a red light or reflector in the rear when riding after dark.
4. Wear some article of white clothing at night.
5. Ride single file and only one person on each bike.
6. Keep your bicycle in good mechanical condition.
7. Do your stunting off the streets and highways.
8. Stay off freeways that are marked for motor vehicles only.
9. When in doubt about the rules ask any traffic law enforcement officer to explain them to you."

THOUSAND PALMS NOTES

By IZZETA HUNT

Saturday evening the new Men's Service Club opened the doors of the Community Chapel, and served a dinner to quite a large crowd. There were four tables the length of the church, and each seat was occupied. To say that the ladies enjoyed this dinner and the service is putting it very mild.

After everyone had dined, the dishes were removed by the efficient men and Mr. Lennie, Master of Ceremonies, called on each one for some sort of entertainment. Only four horns of different sorts were played by four boys of different ages, then, with readings, songs, and original poems, the next hour was entertaining.

With Mrs. Fred W. Hess at the piano, everyone joined in singing the popular songs of years gone by. The men are planning another dinner for this next month.

The Thousand Palms Mothers' Club held its regular monthly meeting at the schoolhouse. Plans for the Easter party were discussed, and Mrs. Kemp, teacher, is arranging it for the children. Everyone is invited to the party which will be held at 1:15 p. m., Tuesday, March 27, the last day of school before the Easter vacation.

The changing of the club name was postponed until the next monthly meeting. It was announced that Mrs. Charles Hulbert has been appointed as school custodian, in place of Mr. Cooper who moved to Cathedral City.

The meeting was presided over by Mrs. Everett Willis, president, and those present were Mrs. Alyne Kemp, Mrs. Chester Williams, Mrs. Charles Wallace, Miss Dorothy Hawkes, Mrs. Chris Christensen, Mrs. Warren Mills, Mrs. Hulbert and Mrs. John Papp.

Everyone is invited to attend the next meeting, which will be held on April 3.

Dinner guests at a party in Fullerton Saturday evening were Mr. and Mrs. Jack Ivey.

Mrs. William Mackey and son Billie, are guests of her uncle, Paul Hamilton, this week. Mrs. Bruce is driving to New York, after visiting here.

Mr. and Mrs. Harry Brown, accompanied by their uncle, Robert Brown, have returned to their home in Ohio, after spending the winter with Mr. and Mrs. Douglas Brown.

Houseguest of Mr. and Mrs. E. Kranz this week is Mrs. Bruce of Los Angeles.

"ALL PURPOSE NECKTIE"
If clothing Manufacturers are

smart they'll take a tip from this Necktie and start designing more all-purpose wearing apparel. To help them get started here are a few suggestions. Why not a Dress Shirt with four sleeves, so that when one pair got dirty you could roll them up and put your arms through the other set. Or perhaps a combination shoe lace and pajama string. This would be very practical as well as economical as very few people wear their shoes to bed. Or a Fedora with a Television screen built into the crown for men who get bored while watching their hats in restaurants. This last idea sounds so good maybe I better try to sell it to Abercrombie and Fitch. Or Sears and Roebuck. Or Martin and Lewis.

Brichant met in the finals of the Cannes tennis championships today after eliminating United States stars in the finals. Maggi downed Malcolm Baltimore, Md., 6-4, 6-2, Brichant defeated Tony Vincent, Miami, Fla., 8-6, 6-3, 6-2, five seconds off his best previous mark of the indoor season that caused the track experts to gasp. The key fact was that Wes, for the first time since he started his running court battle with the national AAU, demonstrated that he still has his famous last-quarter "kick."

Electoral College Reform Proposal Would Cut Influence of Minorities

WASHINGTON — The electoral college reform proposal, now to be passed by the Senate, would shrink the influence of racial and other large minority groups in presidential elections.

It is known, for example, that under the present system a substantially under-represented Negro vote in any of more than a dozen states could determine the presidential winner in that state in any moderately close election. The same is true of religious minorities in several states.

Minorities, enabled by their numbers to exercise constant or occasional balance of power influence in presidential elections, would find their political importance considerably reduced under the reform proposal.

But there also would be considerable protection for minorities in the proposed method of electing presidents. Minorities too small to achieve balance of power status under any likely circumstance might still cast a sufficient vote to win an elector or two, or a share in one.

At present, a state's entire electoral vote goes to the presidential candidate who gets a plu-

rality of that state's popular vote, no matter how close the vote.

Under a proposed Constitutional amendment endorsed by 51 members, each state could choose between two methods of allotting electoral college votes on the basis of popular votes cast:

1. The state's electoral vote would be divided on a percentage basis among the three presidential candidates receiving the most votes, or—

2. Each congressional district would vote for one elector of its own and two at-large for the state. That is, electors would be chosen exactly as congressmen and senators now are chosen.

This was a compromise proposal combining in one package the conflicting proposals which have been pending in deadlock. Supporters of both proposals now are joined in behalf of the compromise. Senate adoption of the suggested amendment seems assured. Then it would go to the House, where a favorable two-thirds vote also would be required. If approved there, it would be submitted to the states. It would not affect this year's presidential election.

Dulles in Seoul to See Rhee

SEOUL — Secretary of State John Foster Dulles arrived in Seoul today to confer with President Syngman Rhee, who is expected to ask the United States for an atomic-equipped army and increased economic aid.

Dulles flew in from Formosa to begin a stay of about 17 hours. He leaves early tomorrow for Tokyo, where he will meet the ambassadors who represent the United States in the Far East.

In a brief airport speech, he offered greetings to the American, South Korean and Allied troops who "stand here as guardians of liberty."

"I am delighted at the prospect of another talk with President Rhee," Dulles added. "He is one of the outstanding figures of the free world. I look forward to exchanging views with him about the present tactics of the Communist rulers."

Husband Slayer Given 5-to-Life

LOS ANGELES — Mrs. Nina Sorenson, 39, who shot her husband to death over his suspected attentions to another woman, was sentenced Friday by Superior Judge Clement D. Nye to a term of five years to life.

The Los Angeles woman told police she shot her husband, William, 39, in the head while he slept after praying by the bed for an hour.

Calls Estimate of 10,000 Red A-Guns Too High

WASHINGTON — Atomic intelligence believe a recently published guess that Russia has 10,000 nuclear weapons is far too high.

But they also say it doesn't make much difference. For practical purposes the Soviet atomic arsenal doesn't need to be that big to neutralize the much larger U. S. stockpile. In this day of nuclear bombs — bombs equal to millions of tons of TNT — a few hundred could desperately wound any country.

Of several atomic experts interviewed on a new names basis, four volunteered the opinion that the only meaningful comparisons now are in terms of ability to deliver nuclear weapons, whether by manned bombers or unmanned missiles.

THE "NUCLEAR" numbers guessing game was revived recently by the Manchester Guardian which estimated that this country has 35,000 atomic weapons and Russia 10,000. U. S. physicist Harold C. Urey called these figures "a good guess."

Other sources, who have been closer to the U. S. atomic project in recent years than Urey, doubt the Russian stockpile has yet hit five figures. One called the 10,000 guess "far too high." Another said a better estimate would be "near 1000 to 10,000."

Only one of the experts would comment except in general terms — such as "We're loaded" — on the Guardian's guess of 35,000 U. S. weapons. Most of them are still connected with the government or recently were.

THE MAN WHO was willing to discuss the Guardian's estimate of U. S. bombs is not a federal employee. But his atomic observations consistently have been uncannily close to the facts as subsequently revealed.

He said he undoubtedly has enough nuclear explosives piled up to make 35,000 individual weapons or more. But he questioned whether we have 35,000 nuclear bombs or warheads actually ready for delivery. His belief is that something more than half of the U. S. stockpile is not yet "committed."

It constitutes, he thinks, a sort of reserve which can be drawn upon to meet military demand for this or that weapon type.

IF THIS COUNTRY did have 35,000 completed weapons, one source said, most of them would be "low yield" tactical bombs or warheads ranging down to 1000 tons TNT equivalence. Assuming the same big-to-little range for Russia's stockpile, this country's numerical advantage would be largely in battlefield weapons.

It is known, of course, that the United States has enough "high-yield" weapons — including H-bombs equal to millions of tons of TNT — to lay waste to every Russian city and poison vast reaches of the USSR with radio-active fallout.

But all U. S. authorities, from President Eisenhower down, appear to believe that Russia also has enough strategic weapons, H-bombs or big-A bombs of the city-wrecking category, to inflict critical wounds. So a battlefield superiority might not be significant in a "war between continents."

Northeast Storms Leave 41 Dead, Many Ships Crippled

By UNITED PRESS

A fierce winter storm pounded the northeast and the middle Atlantic states today, leaving at least 41 persons dead and endangering half a dozen ships before it roared out to sea.

Twenty-four persons died in New England states. Ohio counted six deaths, New York and Pennsylvania four each, New Jersey two, and Maryland one.

Mountainous snow drifts bogged New England traffic and communications were disrupted from New York state to Pittsburgh. On snow-bound Pennsylvania highways some motorists sat stranded in their cars as long as eight hours.

The New England states were nearly paralyzed by snow that drifted up to 10 feet high. The storm also disrupted travel and communications in New York state and as far west as Pittsburgh, Pa.

The freighter Etrusco was driven ashore near Scituate, Mass., by the wild storm and the lives of the 30 crewmen aboard threatened for a time.

The seas began to subside early this morning and a line was shot from shore to the stricken vessel after an earlier attempt failed.

Coast Guardsmen then removed the crewmen in a two-hour breeches buoy operation.

High winds in the middle Atlantic states whipped the snow at 25 to 35 miles an hour with gusts up to 60 miles an hour.

Southeastern states, meanwhile, had heavy rains with 1.70 inches falling in 24 hours at Raleigh,

N. C., and 1.49 inches at Atlanta, Ga.

In the Midwest snow flurries fell over Minnesota, Wisconsin and northern Illinois, but in the Rocky Mountain and Pacific Coast states fair weather prevailed with generally higher temperatures.

WASHINGTON (AP) — The Weather Bureau reported today that warmer weather than usual is in prospect for most of the eastern half of the nation in the next 30 days.

In Western states, it said, it will be cooler than normal. In North Atlantic states temperatures will be "near normal."

The bureau's mid-March to mid-April forecast said above normal rainfall is expected in the lower Mississippi and Ohio valleys and in the central plateau region.

Drier weather is in prospect, it said, in the upper Mississippi Valley, the Pacific Northwest and in the Southern Plains states.

Senate to Try Next Week on Farm Bill

By UNITED PRESS

The Senate will try again next week to pass the much-amended omnibus farm aid bill.

Heavy senators postponed the final vote Friday night because of the "mass of amendments to the bill."

Sen. Clinton P. Anderson, former Democratic secretary of agriculture, complained today the bill "gets more and more like a Christmas tree—something on it for nearly everyone."

Administration forces last week claimed a victory when they knocked rigid 90 per cent price supports out of the bill. But Anderson said the bill now stands it would result in 87 to 89 per cent supports for some crops.

Other congressional news: LOBBYING: The new Senate Lobby Investigating Committee will have access to the files of the blue ribbon Senate investigation of lobbying on the natural gas bill. Committee chairman John L. McClellan said: "This committee will in effect take over where the other committee left off."

SECURITY: The House Armed Services Committee demanded a report from the Central Intelligence Agency on the firing of Juan J. Ryan of South Orange, N. J., allegedly discharged because he married an Irish immigrant. The 27-year-old former CIA employee was a junior officer trainee.

DISPLAY: About 90 congressmen will watch a display of new naval aircraft operations next week. The congressmen will watch the display from the supercarrier Forrestal off Guantanamo Bay, Cuba.

SEGREGATION: Sen. Pat McNamara (D-Mich.) said anyone who resists the Supreme Court's school integration ruling or encourages disregarding it "is not serving the country." McNamara's statement referred to the southern congressmen's manifesto against the ruling.

WAL Prepares to Start Flights

LOS ANGELES (AP)—Western Air Lines today prepared to resume flight service in 12 Western states and Canada on March 22 after formally signing new contracts with the Air Line Pilots Assn. and the International Association of Machinists.

WAL signed with both the ALPA and IAM yesterday. The company earlier signed a contract with the Brotherhood of Railway Clerks which had called a strike that closed down the line's service.

Fire Destroys Trailer Home

The trailer home of Jerry Belchen of Palm Springs was destroyed by fire last night in the Sage and Sands Trailer Park at Tramview.

The fire, caused by an oil stove explosion, was brought under control by a unit from Cathedral City Division of Forestry station and volunteers, in eight minutes.

The alarm reached Foreman Andy Smith at 6:55 and volunteers were at the scene of the fire as the fire truck arrived. Damage was estimated at \$4500.

\$250,000 Building Frame Collapses

LONG BEACH (AP)—One man was injured and several others narrowly escaped death when 500 tons of steel framework collapsed at a \$1.6 million cargo shed project at Long Beach Harbor.

Damage was estimated at \$250,000. Workmen said they felt the framework sway and jumped seconds before it toppled. Masterson said he jumped 18 feet to the ground from a steel girder.

Modern Conveniences

DETROIT (AP)—Sheriff's deputies found moonshine on tap Thursday night.

A raiding party said pure corn liquor was piped into a kitchen sink from two 600-gallon stills in a chicken coop of a farm near here. Two men were held for investigation.

Big Crop Surplus Foreseen Despite Cutback Appeals

WASHINGTON (AP)—A bumper surplus-loaded crop is in prospect for this year despite administration pleading and pending legislation to cut production by reducing farm acreages.

The Agriculture Department's March 1 report on prospective plantings, which were issued yesterday, showed farmers intend to plant 352 million acres of the nation's 59 principal crops. This compares with the 355 million acres on which last year's near-record crop was grown.

The biggest cut in planting acreage is expected in corn. The department said farmers expect to plant a "remarkable small" corn crop of 78,686,000 acres this year. This would be 3.5 per cent below 1955 and the smallest acreage on record.

The three-million-acre overall reduction is far from the 35-million acres Secretary of Agriculture Ezra T. Benson said should be retired from crop production under the soil bank plan and other restrictive legislation now being considered by Congress.

If farmers carry out their planting intentions and the growing season is good, this year's crop should come close to 1955 production. Such a crop would add to the administration's farm surplus woes.

Irene Joliot-Curie is Dead in Paris

PARIS (AP)—Irene Joliot-Curie Nobel Prize-winning discoverer of artificial radioactivity, died in a hospital here Friday night. She was 58 years old.

Madam Joliot-Curie was the famous daughter of famous parents, Marie and Pierre Curie, discoverers of radium.

She became one of the most noted women scientists of her time but was refused membership in the American Chemical Society in 1954 because of her pro-Communist leanings.

She and her husband, Jean Frederic Joliot, won the Nobel Prize in chemistry in 1935 for their discovery the year before of artificial radioactivity.

They both became involved in leftwing French activities, though, and the French government dropped him from its atomic energy commission in 1950 and her in 1951.

Visitor Loses Wallet

Mr. Floyd Boyd, of Klamath Falls, Oregon, told police yesterday she lost her wallet containing \$50, two gasoline credit cards, and identification papers Thursday while shopping downtown.

Texas Secession Move Loses in Segregation Row

FORT WORTH, Tex. (AP)—Some 1400 Texas opponents of racial integration roared approval when a Mississippi congressman accused the U. S. Supreme Court of "treason" last night, but they refused to go on record in favor of Texas secession from the union.

They heard desegregation denounced by Reps. John Bell Williams (D-Miss.) and John J. Flynt Jr. (D-Ga.). The mass meeting was sponsored by the Tarrant County Fort Worth Citizens' Council, a non-official body opposing integration.

R. A. Stuart, a Fort Worth lawyer and former state senator, offered a resolution favoring secession. But it was pigeon-holed after some fast parliamentary maneuvering by John T. Gano, president of the local Citizens' Council, who presided.

Stuart said that the Supreme Court decision outlawing segregation in the schools had nullified the treaty under which Texas entered the union. He said that therefore the federal government should allow Texas to withdraw.

Williams, speaking under a backdrop of the flags of the United States, the Confederacy and the state of Texas, said, "The nine justices of the Supreme Court have committed an act of treason against the Constitution of the United States."

Red Missile Base Threatens Japan with A-Attacks

SEOUL (AP)—Russia has built a guided missile base at Vladivostok, bringing Japan and Korea within range of an atomic attack by pilotless raiders, it was reported today.

A Korean intelligence source said the Russians had nearly finished the launching site last summer, and it is almost certain that it has been completed by now.

U.S. Army authorities in Tokyo said they had no information on the Vladivostok base.

The Korean source said the Korean Intelligence Service believes the Russians have guided missiles similar to the U.S. Redstone, with a range of 250 to 300 miles, or "weapons that could strike targets even further away."

Revolt Splits White Group on Impeachment

BIRMINGHAM, Ala. (AP)—Moderate members of the huge North Alabama White Citizens Council revolted today in protest against drives to impeach officials handling the Autherine Lucy case.

Three officers resigned and one claimed three-fourths of the membership of one council walked out in disension over the dramatic methods of executive secretary Asa Ace Carter, a former radio commentator.

Carter had circulated a petition for impeachment of Gov. James E. Folsom and called for ouster of University of Alabama officials for permitting Negro coed Autherine Lucy to be enrolled.

The councils gained much of their membership and organization during the wave of violent reaction which followed the Negro's enrollment in the all-white university and her expulsion, now before federal courts.

Carter discounted the effectiveness of the membership revolt, saying a majority support his effort "to turn this thing into an action movement instead of a reaction movement."
